Biometric Cashless System

Easington Academy operates a cashless catering system. Our students take advantage of this system by using their finger print to access their personal account in a secure manner.

Having read guidance provided to me by Easington Academy, I give consent to information from the biometric finger print of my son/daughter being taken and used by Easington Academy for use as part of an automated biometric recognition system.

I understand that I can withdraw this consent at any time in writing.

Should you agree to the processing of your child's biometric information, it is important that you sign the consent form below. Please note that when your son/daughter leaves the school, or if for some other reason he/she ceases to use the biometric system, his/her data will be permanently deleted. Easington Academy will comply at all times with the data protection act and with the provisions of the protection of freedoms act 2012.

I agree/I disagree that my child's finger print may be used for purposes of secure access to their personal account.
